Public Comments:

Richard Goldsby:

Good evening, everyone, I want to thank my Lord Jesus Christ for being here. I go to Smith Chapel Ministries the church across the road over here, my Pastor is Pastor

Linda Dixon, and I am her assistant Pastor. I have a concern about the back road over here behind the church. I've talked to people and at the last meeting about that road being open. It's always on the radar and the engineers; but I never get any come back from the meetings. What's the updates? What do we need to do? Trash is being built up back there. We have ditches and drainage that needs to be dug out so, out water can flow right. But I'm telling you I have been here for over 20 years now, I retired from the Marine Corp. I see ditches dug out across town but no on our side. My concern is as a church goer over here at Smith Chapel church Ministries we need the same thing. That's my concern that is all of our concern from that area. We need the same amount done over there as it is done in other places. I hope we all agree. We stood out here Sunday and prayed around this flag pole for unity and to come together that would equally together not one side but all sides to come together, that is what Pink Hill needs. We need to come in prayer and come together in unity. And the scripture says "How good and pleasant for brotherhood and unity". Are we all brothers and sisters? So, we are supposed to be joined together and doing what thus saith the Lord. Helping one another and not dividing one another. So, my concern is that back road opening up and drainage, on both sides of the road need to be dug out and drained and trash removed. Trash is building up back there. And that is all.

Trinia Patrick:

Good evening, everyone. To our Mayor Deatherage and our Commissioners of the Town of Pink Hill; the African American Heritage Commission of Kinston and Lenoir County and our group Pink Hill Village Committee would like pleasure of presenting to you a plan for a Historical Marker project for the Town of Pink Hill. This marker project is a vision formulated by the African American people of Pink Hill. We the group are deeply rooted to the history of the original church Smith Chapel Church founded in 1920 by Rev. Billy Smith and a 1 room school, that some of you don't even know that it existed in Pink Hill. The school was built by Lenoir County between 1940 and 1952, when it was moved away. We are in the process to try and find where that building is, who has it who redid it. So, if you have any information, share it with our group and please let us know. This historical marker will be located at Smith Chapel Church 413 Eva Mae Jones Rd, Pink Hill adjacent to Hwy 241. Some of the students that went to this school are still with us today, they are in their 70's, 80's and 90's. we would be honored to receive the town's support in this unique endeavor project and we are committed to a Class 1 Act in the presentation of this history of the black community in Pink Hill. Please look forward to a second letter in the near future working toward the effort in completing this project. We also ask for any information you may have to contribute to this project. Thank you kindly for your help in advance. Sincerely the AAHC and the Pink Hill Village Committee.

Chelsea Malpass:

I have lived in Pink Hill all my life, and I am married to Sam Malpass, who has lived in Pink Hill all his life. We have 3 children that we would like to see come back and live in Pink Hill when they get older. I would like to see it be a place that they would want to come home to and want to stay here. With the things happening this may not be a place where they want to stay. We are all neighbors all of us here tonight are neighbors. God tells us to love our neighbors and I’m not seeing a whole lot of that and I would really like see more of that. I would like to see the leaders have more support and unity in our community. I also wanted to talk about my personal experience at the Event Space. My birthday party was the first event out there and we had over 80 people there on a Saturday night and there were no parking issues at all, of course all the businesses were closed at that time. I have had 2 birthday parties on Sunday afternoons and there were no parking issues. However, if there is a parking issue that can easily be resolved with a conversation or a sign that states don’t park here. I am praying for the town and I would like to see it grow.
